**Number of Square Meters of SAV for Individual Beds and Totals for Density Categories for Each  
USGS 7.5 Minute Quadrangle in 1998**

## APPENDIX C

### Number of Square Meters of SAV for Individual Beds and Totals for Density Categories for Each USGS 7.5 Minute Quadrangle in 1998

Numbers in bed labels (e.g., A2) indicate density category. See maps in Appendix B for location of each bed. Quadrangles are listed numerically by VIMS map number. Slight differences (1 square meter) in quadrangle totals from density totals are due to rounding. See Methods and Figure 9 for explanation of density categories.
